WORK EXPERIENCE

Accenture   **Mar. 2019 – Aug. 2019**
Intern & Full time developer   *Madrid*
- As a developer, I supported the maintenance of a data-rich bill management tool, leveraging Python and AWS.
- During my internship, I authored project documentation and conducted comprehensive analysis and testing using real data. I automated tests in Excel using Python and Spark Hadoop.

Correos   **Jul. 2023 – Aug. 2023**
Postal clerk   *Madrid*
- Managed comprehensive postal office functions, including precise handling, sorting, and packaging of mail. Provided customer support by addressing inquiries and resolving issues that emerged during daily operations.

EDUCATION

Polytechnic University of Madrid (UPM)   **June, 2025**
BS, Computer Engineering   *Madrid*
- Grades: 7.6/10 | Honors in Programming, Algorithms & Data Structures.
- Participated in the international excellence program at UPM, completing coursework primarily in English.

European Center of Professional Studies (CEEP)   **Sep. 2017 – Jun. 2019**
Superior Technical Degree, Multiplatform App Development   *Madrid*
- Grades: 8.6/10
- Developed both local and web applications integrating database functionalities. Emphasized user experience while ensuring comprehensive coverage of project requirements as per specifications.
